

Results of the questionnaire in AITU for the first trimester

Survey Results: AITU student satisfaction survey to assess the quality of teaching

Assessment of satisfaction with the EP CS

Questions	Score
How do you feel about the quality of your instructors' teaching methods (including the instructors' manner of explaining the material)?	88
How do you feel about the quality of the materials provided to you (including the quality of the slides, lectures notes, assignment requirements, books)?	88
How do you feel about the quality of grading (including the objectiveness)?	89
How do you feel about the quality of feedback from your instructors (including the regularity and relevance of the feedback)?	89
How do you feel about the quality of communication with your instructors (including interactions in office hours)?	89
How do you feel about the quality of your instructors' preparedness and time management?	89
Overall, how do you rate your instructors?	89
How do you feel about the overall quality of the course?	87

The course is conducted in English (Rare 1 – 10 Always)

Average rating – 9.0

How likely would it be for you to recommend this course to others? (Not at all likely 1 - 5 Very likely)

Average rating – 4,2
